

# CarryOn™

## Charging Station with USB-C PD

Quickly charge, store,  
secure and carry up to  
five iPad® or tablet devices.

## It just makes life easier.

### Take Devices Anywhere You Go

The CarryOn is the most portable charging station on the market. Its compact, lightweight design, coupled with built-in handle, makes transporting and distributing devices easy.

### Time to Get Organised

It's virtually impossible to tangle the charging cables in the CarryOn Charging Station. The cords are just the right length to reach each device.

### Charge Devices Faster than Ever

Quickly charge 5 devices at once at 30W of power per USB-C port. USB-C PD (Power Delivery) is a fast charging technology that delivers much higher levels of power than standard charging when connected to a supported device.<sup>1</sup>

### Save Space When Storing Devices

The CarryOn fits just about anywhere. It also includes a handy wall mounting kit so that you can transform any wall into a space for storing devices. An optional padlock secures the station to the wall mount.

# Additional Time, Space and Money-Saving Features

 **Next-level portability.** Holds up to five devices and cables, in one clean, compact unit.

 **Compatible.** Accommodates most iPad and tablet devices with or without cases.<sup>2</sup>

 **Efficient setup and use.** Efficiently set up your station while keeping cables organised during use. The rubber retention system firmly hold cables in place without causing damage.

 **Secure.** Includes an integrated keyed lock, aluminum outer shell and impact-resistant alloy edging to keep devices safe, secure and protected.

 **Neat and tidy.** The main power cable at the back of the unit wraps around the cable cleat when you're on the move.

 **Device visibility.** The transparent door allows you to quickly check that all devices have been returned.

 **Lifetime Warranty.** Backed by a lifetime warranty on the main frame, electrical and other components.<sup>3</sup>

 **World-class Customer Support.** Our helpful and friendly Customer Support team will promptly assist with any product issues or questions.
