A simple solution for a smarter office

Introducing Joan 6

Simple. Flexible. Frictionless.
Joan helps you reserve and manage your conference rooms. It prevents double bookings, confusion, and meeting interruptions. Place Joan next to a room to book it remotely or on-the-spot and receive weekly reports on your conference room usage. Our most popular model is the first step towards a more productive workplace.

Works with

Seamlessly connects to Wi-Fi.

Supports standard company calendars.

Cordless installation on any surface with a Magnetic Mount.

99% more power efficient than LCD and a battery life measured in months.

What Joan 6 can do for you

Eliminate time and space wasters by bringing scheduling information. Interactive, real-time, and sustainable, Joan will help you improve three essential workplace transformation areas.

Scheduling & Finding

Never wonder if a conference room is empty. Joan displays a room's status, basic meeting information, as well as the next and subsequent meetings taking place in the same room.
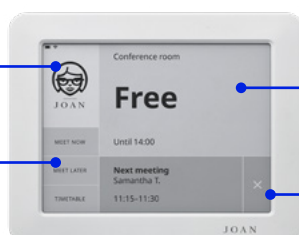

Office Experience

Joan integrates into your office. Showcase your branding, change the language displayed, or replace Joan's standard functionalities with custom information.

Office Efficiency

Take control of your office and stop squandering resources. Joan detects and eliminates any unattended meetings, freeing up space and saving unnecessary rental costs.

Upload your company logo

Book your meeting on the spot or reserve the room for later. Check the timetable for upcoming meetings

See if the room is booked or free and which meeting is coming up next

LED front light

VISIONECT
