

2-Way Coaxial Networked Ceiling Loudspeaker for Exceptional Sound Quality

The Yealink SkySound CS10, a low-profile 2-way coaxial network speaker, excels in video conferencing with its exceptional audio performance. Designed specifically for the modern meeting environment, the CS10 blends high-quality audio with an elegant, minimalist design, making it a perfect match for contemporary conference rooms.

Versatile and engineered for ease of use, the CS10 is a PoE-enabled speaker that optionally accommodates a Dante module, simplifying installation across diverse ceiling types. Its straightforward design, combined with the ability to operate in a range of temperatures, establishes the CS10 as more than just a speaker – it is an essential addition to your meeting space, enhancing both visual and auditory experiences.

The CS10 is not just a functional device for your conference room; it's a statement of elegance and technological prowess, representing the ideal audio solution for your professional needs.

Key Features

Innovative Coaxial Structure:

Features a 2-way coaxial setup with a robust 5.5" LF Woofer and a crisp 1.1" HF Tweeter for high-fidelity audio delivery.

High-Performance Acoustics:

Boasts impressive acoustic parameters, with a sensitivity of 88dB@1W 1m and a maximum SPL of 99dB@20W 1m, ensuring clear, powerful sound.

PoE-Enabled Active Speaker:

SkySound CS10 masterfully blends active speaker functionality with integrated DAC and PoE technology, enabling swift digital signal processing from the network for a hassle-free setup and minimal latency, tailored for dynamic professional scenarios.

Dante Ready for Advanced Audio Networking:

With an optional Dante module, SkySound CS10 seamlessly integrates into sophisticated audio networks, providing flexible options for complex setups.

Extreme Environment Resilience:

Constructed with durable nylon+aluminum alloy, SkySound CS10 reliably withstands extreme temperatures, ranging from -40°C to 50°C.

Versatile Deployment:

Offers diverse indoor installation solutions, compatible with various ceiling types and grid systems, ensuring easy adaptation to any interior design.

Sophisticated Design:

Features a detachable, paintable magnetic grille in black and white, adding to its sleek, low-profile look that complements any modern interior.
