BOLT™ 12
Charging Station

NEW!

Keep 12 PD-compatible smartphones or power banks charged, secure, and ready to use.

Keep your devices going for longer.

Quickly Charge Devices
Get devices charged and back to use quickly. Together, USB-C and PD (Power Delivery) are the dream team that deliver the fastest possible charge to compatible devices.[1]

Fully-Assembled, No Setup
Right out of the box, this station comes pre-wired and ready to use. Unbox it, plug it in, stock with compatible smartphones or power banks[1], and you're all set.

Charging Status Lights
The external charging status indicators ensure employees and students are grabbing a fully-charged device. Plus, it's easy to see if devices have been returned and plugged in, even when the door is closed.

Fits Your Space
The station is very compact and can be set up in a horizontal or vertical orientation, whichever best fits your environment.

It just makes life easier.

Additional Time, Space and Money-Saving Features

Built to last. Steel construction will hold up to heavy use.

Tuck-away door. Garage-style door tucks away neatly for unimpeded access to the devices and to save space.

Keep devices secure. Protect devices from theft, loss and data breaches by locking them up while not in use.

**Tiny footprint.** The station takes up minimal desktop space, perfect for tight environments.

Protect devices from overheating. An internal fan keeps devices cool and ready to use.

World-class Customer Support. Our helpful and friendly Customer Support team will promptly assist with any product issues or questions.
