Management Software  
Take Control of Your Video Wall

# Matrox MuraControl™ Software to Manage Your Video Wall

Control Locally or Remotely. On Windows. Or On Your Tablet.

Matrox MuraControl™ is a low-cost, premium performance, video wall management software that provides an easy and intuitive way to manage your Matrox-based video wall, multiviewer, or personal video wall locally or remotely. Available as a feature-rich, single-license software for Microsoft® Windows® or as a free, lighter version app for iPad® with drag & drop functionality, it can be used to create and manage layouts offline or in real time.

## Key Features

- Easily manage inbound and outbound AV streams
- Create, save, rename, copy, export, import, and delete layouts/presets
- Window transparency and color-keying functions
- Robust upgrade and software-support program
- Position, scale, clone, crop, frame, and label input windows
- Apply color-correction, multi-lingual text overlay, and deinterlacing

## Customized Video Wall Software

The MuraControl white-label skinning solution allows OEMs and system integrators to tailor the graphical user interface, while the MuraControl Tablet SDK allows users to expand complete package product offerings and customize software for both Windows desktop and tablet-based video wall control systems.

### MuraControl White-Label Solution for OEMs/Integrators

- A turnkey, fully rebranded version of our powerful MuraControl for Windows video wall software.
- Control of elements such as logos, buttons, product name, and color schemes.
- Matrox comes with a 40-year track record of robust client support programs.

### MuraControl Tablet SDK

- Customizable template to build your own tablet-based video wall control software.
- Build off of the same framework powering the proven MuraControl for iPad app.
- Optimized for both Android and iOS-based tablets.

Matrox Mura IPX Capture Series

Paired with Matrox Mura MPX Series¹

#### Advantages:

- Up to 56 synchronized outputs
- Single-slot input/output allows high density, flexibility, and scalability
- Universal input support (DVI, RGB/VGA, Component, S-Video, Composite, and SDI)
- Multiple available models for increased functional & thermal reliability
- Passive cooling

Paired with Matrox C-Series²

#### Advantages:

- Up to 18 synchronized outputs
- High-resolution monitor support, including Full HD and 4K/UHD
- Low-cost video wall integration with six- and nine-output card options
- Microsoft DirectX® 12, OpenGL® 4.4 and OpenCL™ 1.2 support enables latest professional applications
- Windows 7, 10, and Linux OS support

Paired with 3rd party Graphics³

#### Advantages:

- High-resolution monitor support, including Full HD and 4K/UHD
- Low-cost integrated or generic professional graphics options
- Multiple available models for various graphical performance requirements
- Microsoft DirectX®, OpenGL and OpenCL support enables latest professional applications
- Windows 7, 10, and Linux OS support

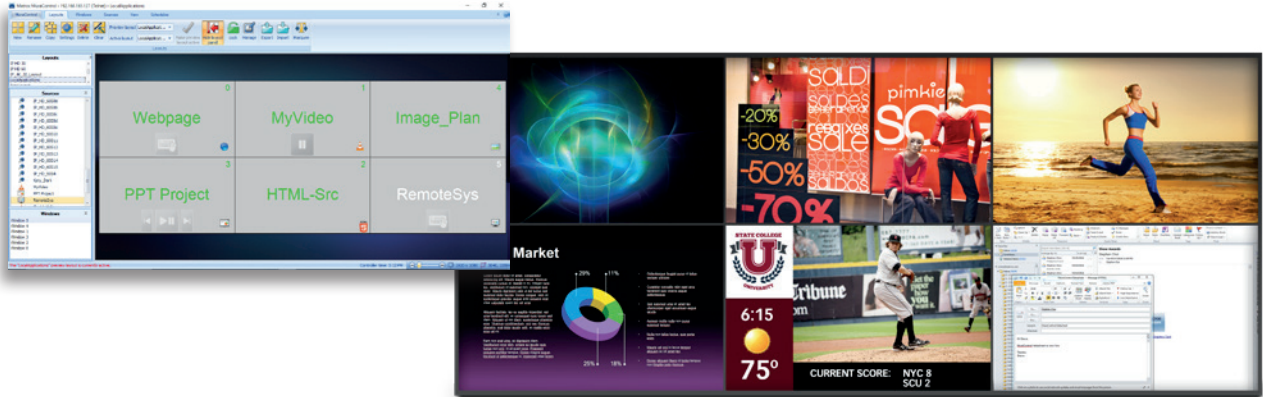

<sup>1</sup> See Matrox Mura MPX Series datasheet for more details.

<sup>2</sup> Mura IPX not supported with Matrox C420. See Matrox C-Series datasheet for more details.

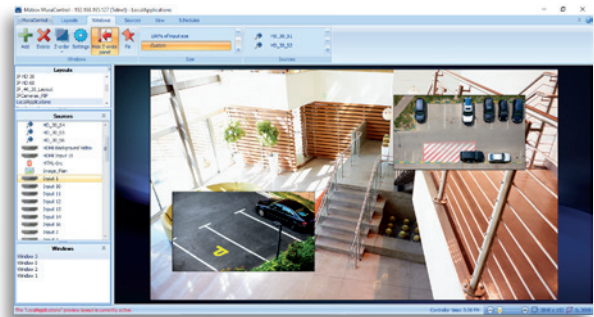

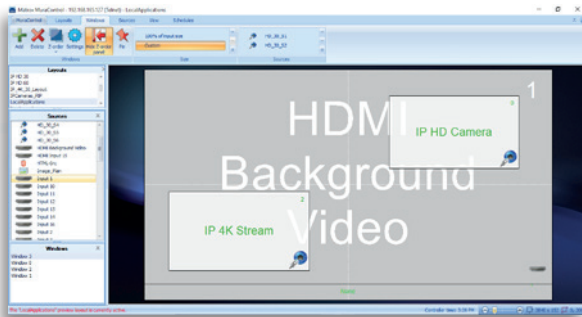

<sup>3</sup> See release notes for details on which brands, models and configurations are supported.

## Easy-to-Use Video Wall Management Software

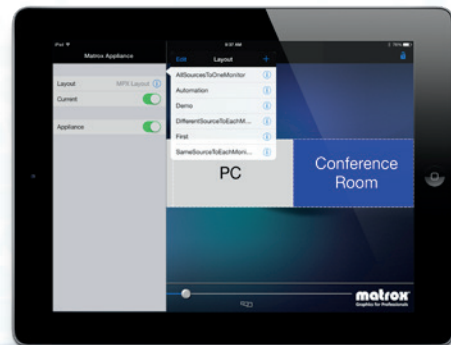

Discover how to start creating, previewing, and applying layouts in MuraControl so that your video wall appears exactly as you envision. Create and save unique presets by arranging local application, direct, and IP source content exactly where you want it, by managing and modifying a variety of in-depth window properties.

Create layouts and open, position, and control local applications and images such as Internet Explorer, VLC, pictures, PowerPoint Viewer, HTML5 and VNC.

Build layouts featuring HDMI, DisplayPort, IP, and other types of sources, for placement anywhere on the wall, including a Picture-in-Picture (PIP) format.

Transform your Apple tablet device into an intuitive touch panel control interface capable of remotely managing your video wall.

# Matrox MuraControl™ Software Specifications

Specifications	MuraControl for iPad	MuraControl for Windows
Part Number	N/A	MURA-CTRLWF
Supported OS	iOS 7 and up	Windows 7, Windows Server 2008 R2, Windows 10, Windows Server 2012 R2
