Kleeo desk manager

# Dedicated desk booking

evoko™

Meet Kleeo desk manager

Kleeo desk manager is a complete and smart desk booking device with a personal touch. Its job is to signal to everyone which workspace is available, checked-in, or waiting for you. Secure your workspace, reduce stress and increase productivity. Kleeo desk manager is an essential tool for the modern workplace.

It's your desk,
with your name on it

Marie Louise Sanders

As easy as the traffic lights

Bright and vivid colors indicates if a desk is available, checked-in, booked or signaling focus - please don't disturb, this person wants to concentrate.

Personal and automatic check-in

Kleeo desk manager includes a presense
sensor used to automatically check-in when
you sit down at your booked desk.

Marie Louise Sanders

Flexible setup

Kleeo desk manager can be placed on top of the desk or
mounted to the front edge of the desk. Wifi connection
and a cloud based system ensures a smooth
installation process.

Desk A15

Seat 25

Increase productivity

The focus mode clearly signal to colleagues that the person
using the desk needs to focus, and don't want to be
disturbed.

Actionable insights of your workplace usage helps optimize
resources, without impacting personal integrity.
