

Smart USB Speakerphone

Yealink MSPeak is a smart USB speakerphone jointly developed by Yealink and the Microsoft Smart Voice team. Its built-in three microphone arrays can pick up the conference audio significantly. The 6+1 microphone on the top provides the voice recognition feature, including voice transcription, real-time translation, and Cortana voice assistant. Besides, its built-in 4W HD speakers provide crystal-clear audio for the meeting room. MSPeak can meet the pickup and playback needs of medium-sized conference rooms and provide users with a high-quality audio experience. As the Microsoft Teams conference room system's advanced audio accessory, MSPeak can provide users with a smart, efficient, and high-definition conference audio experience.
