

4-Port USB 3.0 Superspeed Hub

USB-HUB4

WyreStorm

Specification Sheet

WyreStorm - Powerful. Reliable. Simple.

Introduction

The USB-HUB4 is a simple add-on accessory for expanding USB connectivity of your devices. Pair this hub with a number of WyreStorm products to help build your full solution. Connect the hub to the CAB-UAOC-15 USB 3.0 extension cable to provide long distance transmission of high-speed USB 3.0. The USB-HUB4 is also a great companion to the Apollo line of unified communication solutions. Although simple, we've kept pro installations in mind by including a set of mounting brackets to easily install the hub under a desk or behind a display.

Key Features

- 4 x USB 3.0 device ports for connecting peripheral devices
- High-speed data transfer rates up to USB Superspeed 5Gbps
- Professional design allows for mounting under a table or behind a display
- Fully backwards compatible with USB 2.0 devices
- Simple plug and play design with no drivers required
- Pair with the CAB-UAOC-15 for long distance USB extension/expansion
- Pair with WyreStorm presentation switchers such as the SW-510-TX or APO-210-UC for expanded connectivity

In the Box

- 1x USB-HUB4
- 1x 12V DC Power Supply (US/UK/EU/AU)
- 1x USB 3.0 Host Cable
- 2x Mounting Brackets with Screws
- 1x Quickstart Guide

Specifications

Audio and Video	
Inputs/Outputs	4 x USB 3.0 Type A 1 x USB 3.0 Type B Host
Max Bandwidth	5Gbps (Combined between 4 ports)
Power	
Power Supply	12V 2A DC
USB Power	Max shared current: 4.5A Max per port: 5V 1.5A
Environmental	
Operating Temperature	0 ~ +45°C (32 ~ +113 °F), 10% ~ 90%, non-condensing
Dimensions and Weight	
Height	22mm/0.87in
Width	88.9mm/3.5in
Depth	139.7mm/5.5in
Weight	0.29kg/0.65lbs
Regulatory	
Safety and Emission	CE FCC RoHS EAC RCM
